

Lab test price list:

- Laboratory services are fulfilled by Laboratory Corporation of America.
- Laboratory services are prepaid at the office or on the website:
- After payment and determination of which lab tests are appropriate for you, you will receive a personalized laboratory requisition form. You will take this form to the nearest LabCorp location, which you will locate on their website www.labcorp.com by typing in your zip code.
- You will not pay at the laboratory; you will only need your photo identification.
- We can order any lab test provided by LabCorp—this list below is only a minor fraction of what is available. We also use other labs beside LabCorp for specialty testing. Please discuss and request the labs you are interested in during your consultation.
